

Hands Off My Gun Defeating The Plot To Disarm America Dana Loesch

Donald Trump

Hands Off My Gun Dana Loesch, 2014-10-21 Respected conservative talk show host, blogger and TV commentator Dana Loesch gives her views on the history and intent of the Second Amendment and discusses what she believes gun confiscation would mean to Americans' basic rights as citizens. How many people in America today are truly well-versed in the history of the Second Amendment, and why it was included in the Bill of Rights? In *HANDS OFF MY GUN*, Dana Loesch explains why the Founding Fathers included the right to bear arms in the Bill of Rights, and argues that gun control regulations throughout history have been used to keep minority populations under control. She also contends that current arguments in favor of gun control are primarily based on emotions and fear. This narrative is a must-read for every Second Amendment supporter. Dana Loesch is a determined and fierce advocate for those rights and shouts out: hands off my gun!

Guns in American Society Jaclyn Schildkraut, Gregg Lee Carter, 2022-12-01 The revised third edition of the landmark *Guns in American Society* provides an authoritative and objective survey of the history and current state of all gun-related issues and areas of debate in the United States. *Guns in American Society: An Encyclopedia of History, Politics, Culture, and the Law* is a comprehensive and evenhanded three-volume reference resource for understanding all of the political, legal, and cultural factors that have swirled around gun rights and gun control in America, past and present. The encyclopedia draws on a vast array of research in criminology, history, law, medicine, politics, and social science. It covers all aspects of the issue: gun violence, including mass shootings in schools and other public spaces; gun control arguments and organizations; gun rights arguments and organizations; the firearms industry; firearms regulation, legislation, and court decisions; gun subcultures (for example, hunters and collectors); leading opinion-shapers on both sides of the gun debate; technological innovations in firearm manufacturing; various types of firearms, from handguns to assault weapons; and evolving public attitudes toward guns. Many of these entries place the topics in both historical and cross-cultural perspective.

A Philosophy of Gun Violence Alan J. Reid, 2022-08-20 This book uses a philosophy of technology to demonstrate that guns are predisposed for an intentional use, making them inherently non-neutral artifacts. This argument rejects the often-cited value neutral thesis and instrumentalist view that “guns don’t kill people; people kill people”, and instead, explains the

lethality of the gun through the lenses of affordance theory, behavioral design, and choice architecture. Ultimately, this book proposes an ethical and value-sensitive model for gun reform, which embodies the perspective of French philosopher Bruno Latour, who said, “You are different with a gun in your hand; the gun is different with you holding it.”

Repeal the Second Amendment Allan J. Lichtman, 2020-01-28 A radical case for the repeal of the 2nd Amendment as the only way to control gun violence in America There's an average of one mass shooting per day in the United States. Given the ineffectiveness of the gun control lobby, it's time for a strategy with spine. In *Repeal the Second Amendment*, Allan J. Lichtman has written the first book that uses history, legal theory and up-to-the-minute data to make a compelling case for the amendment's repeal in order to create a clear road to sensible gun control in the US. *Repeal the Second Amendment* explores both the true history and current interpretation of the Second Amendment to expose the NRA's blatant historical manipulations and irresponsible fake news releases. Lichtman looks at the history of firearms and gun regulations from colonial times to the present to explain how a historically forgotten sentence in the Constitution has become a flash point of recent politics that benefits only the gun industry, their lobbyists, and the politicians on their payroll. He probes court decisions and the effective lobbying and public relations strategies of the gun lobby as well as the ineffectiveness of the gun control movement for lessons in doing better. What emerges is a clear and cogent plan--repeal and replace the Second Amendment without taking guns away from anyone who has them now--to make the US a safer place. It's time to Repeal the Second Amendment, and Allan Lichtman is the man to bring this radical plan to America.

Hatred Day T. S. Pettibone, 2016-01-29 Humanity is unified against the Inborns, an extraterrestrial species with godlike intelligence and abilities whose arrival on earth caused an environmental and biological crisis. Enslaved and despised even by her own Inbornkind, 18-year-old Snofrid Yagami reawakens to the world after having her memories stolen and is certain of only one thing: she will do anything to ensure her freedom. But her resolution is soon tested when the son of a high-ranking human official is murdered and her home city becomes the center of the interspecies war, one that might see the Inborns purged. Desperate to find a way out of the city for herself and her family, Snofrid risks making a deal with the manipulative Inborn Commander, Hadrian, and his brutal cadre of soldiers. Her task is simple: take part in a historic hunt that will bring wealth and fame to all who survive. Unfortunately, Snofrid's role is one in which survival is rarely seen--the bait.

Academia, Psychiatry, and the Elite Left James E. Campbell, M.D., 2020-11-05 *Academia, Psychiatry, and the Elite Left* By: James E. Campbell, M.D. Political points of view are individually driven and should be, but common sense should be observable across the political spectrum. *Academia, Psychiatry, and the Elite Left* shows how blocking discussion of topics, disregard of fairness, disregarding facts, and intentional distortion of data for political purposes are things all people SHOULD be interested in.

Tipping Points Liz Wheeler, 2019-08-06 NATIONAL BESTSELLER Terrific. — BEN SHAPIRO Outstanding. — DANA LOESCH The Left is on the attack, and the war for our country is at a crucial tipping point. Liberals know they're within reach of radically transforming America. They don't like the U.S. Constitution. They're allergic to Americans' "gun culture." They find our faith and our devotion to family distasteful. And our commitment to liberty positively sends them into a panic. As soon as the Democrats get power anywhere, they stand ready to throw our God-given rights under the bus of political correctness, transgender insanity, and socialism (the economic system that always promises equality and utopia, but somehow always delivers resentment, poverty, and decay). So how can we tip the momentum back in our favor? How can we fight effectively for freedom, the U.S. Constitution, limited government, faith and family, and the survival of the American Republic? Liz Wheeler to the rescue! The popular host of One America News Network's Tipping Point with Liz Wheeler is a brilliant and highly effective debater who shows how we can go on the rhetorical attack against the Left—and win—with a multi-technique program for catching the Left in their inconsistencies and under-handed schemes and skewering them for their bold-faced lies. In *Tipping Points: How to Topple the Left's House of Cards*, Liz Wheeler identifies the five "Tipping Points" where liberals are poised to win, trains you in her proven debating techniques, and deputizes you to take up arms in the fight for our nation's heart and soul. It's training you need right now, today. Our country is at a tipping point. And make no mistake—if the Left isn't defeated, they're taking down America.

Issues in Business Ethics and Corporate Social Responsibility SAGE Publishing, 2020-03-19 One need only look at the news to be bombarded with examples of corporate malfeasance and the impact such behavior has on a company's public image, customers, employees, and bottom line. And while these stories grab the headlines, some companies are adopting practices that display awareness of their impact on the globe, whether that be to the environment, its employees and suppliers, or communities in which they do business. What factors are leading to these decisions? What are the benefits and costs of making ethical business decisions and acting in a socially responsible way, however one defines it? *Issues in Business Ethics and Corporate Social Responsibility* explores these foundational themes across a wide range of topics, including artificial intelligence, workplace surveillance, supply chain management, big data, the finance industry, and many more. Coupled with a broad introduction by Dr. David Weitzner, a professor of management at York University, this book provides students with the essential information they need to assess business practices through the lens of ethical decision-making and corporate social responsibility.

School Shootings and the Never Again Movement Laurie Collier Hillstrom, 2019-03-14 This volume provides a concise but authoritative overview of the Never Again Movement, which arose in the aftermath of a mass shooting that killed 17 people at a high school in Parkland, Florida, in February 2018. This volume in the 21st Century Turning Points series, a one-stop resource for understanding the people and events changing America today, analyzes school shootings and examines

the broader issue of gun violence in America. It focuses on the history of school shootings in the United States and the debate that has raged for decades between gun control advocates and supporters of gun ownership rights. *School Shootings and the Never Again Movement: 21st Century Turning Points* provides a broad perspective on these issues. It recounts the evolution of gun politics and policy throughout the twentieth century, explains the positions and activities of organizations and activists on both sides of the gun debate, details notorious school shootings ranging from Columbine to Parkland, and explores the potential impact of the Never Again Movement on American gun policy at the state and federal levels.

Chilcot Report Sir John Chilcot (chairman), Sir Lawrence Freedman, Sir Martin Gilbert, Sir Roderic Lyne, Baroness Prashar, 2016-08-16 All the key findings of the public inquiry into the handling of the 2003 Iraq war by the British government led by Tony Blair. Chaired by Sir John Chilcot, the Iraq Inquiry (known as the 'Chilcot Report') tackled: Saddam Hussein's threat to Britain the legal advice for the invasion intelligence about weapons of mass destruction and planning for a post-conflict Iraq. This 60,000-word executive summary was published in July 2016. Philippe Sands QC wrote in the *London Review of Books*: 'It offers a long and painful account of an episode that may come to be seen as marking the moment when the UK fell off its global perch, trust in government collapsed and the country turned inward and began to disintegrate.' Published under an Open Government Licence, this book aims to make better known the findings of the Iraq Inquiry, which took seven years to complete at a cost of £10 million. The text, headings, footnotes and any emphasis are exactly those of the original document. Contents Introduction Pre-conflict strategy and planning The UK decision to support US military action Why Iraq? Why now? The UK's relationship with the US Decision-making Advice on the legal basis for military action Weapons of mass destruction Planning for a post-Saddam Hussein Iraq The post-conflict period Occupation Transition Planning for withdrawal Did the UK achieve its objectives in Iraq? Key findings Lessons Timeline of events REVIEWS The Iraq Inquiry, chaired by Sir John Chilcot and composed of five privy councillors, finally published its report on the morning of 6 July, seven years and 21 days after it was established by Gordon Brown with a remit to look at the run-up to the conflict, the conflict itself and the reconstruction, so that we can learn lessons. It offers a long and painful account of an episode that may come to be seen as marking the moment when the UK fell off its global perch, trust in government collapsed and the country turned inward and began to disintegrate. — Philippe Sands, *London Review of Books* A more productive way to think of the Chilcot report is as a tool to help us set agendas for renewed best efforts in creating more effective and accountable statecraft. Chilcot has confirmed that... we still do not have intelligent long-range planning by the armed forces in close and active cooperation with other government agencies, nor an adequate and integrated system for the collection and evaluation of intelligence information, nor do we have the highest possible quality and stature of personnel to lead us through these challenging times. — Derek B. Miller, *The Guardian* Although sceptics wondered how much more the very-long-awaited Report of the Iraq Inquiry by a committee chaired by Sir John Chilcot could tell us when it appeared at last in July, it proves

to contain a wealth of evidence and acute criticism, the more weighty for its sober tone and for having the imprimatur of the official government publisher. In all, it is a further and devastating indictment not only of Tony Blair personally but of a whole apparatus of state and government, Cabinet, Parliament, armed forces, and, far from least, intelligence agencies. Among its conclusions the report says that there was no imminent threat from Saddam Hussein; that the British chose to join the invasion of Iraq before the peaceful options for disarmament had been exhausted; that military action was not a last resort... — Geoffrey Wheatcroft, *The New York Review of Books* Ideal for any student of politics, diplomacy, or conflict.

The NRA Frank Smyth, 2020-03-31 For the first time, the definitive account of America's most powerful, most secretive, and most controversial nonprofit, and how far it has strayed from its origins. The National Rifle Association is unique in American life. Few other civic organizations are as old or as large. None is as controversial. It is largely due to the NRA that the U.S. gun policy differs so extremely — some would say so tragically — from that of every other developed nation. But, as Frank Smyth shows, the NRA has evolved from an organization concerned above all with marksmanship — and which supported most government efforts around gun control for a hundred years — to one that resists all attempts to restrict guns in any way. At the same time, the organization has also buried its own remarkable history. Here is that story, from the NRA's surprising roots in post-Civil War New York City to the defining event that changed its culture forever — the so called "Cincinnati Revolt" of 1977 — to the present day, where President Donald Trump is the most ardent champion in the White House the NRA has ever had. For anyone who has looked at access to guns in our society and asked "Why?", this is an unmatched account of how we got here, and who got us here.

Trump: The Art of the Deal Donald Trump, 2016-11-17 _____ THE NUMBER ONE BESTSELLER FROM THE 45th PRESIDENT OF THE UNITED STATES 'I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big.' - Donald J. Trump Here is Trump in action - how he runs his business and how he runs his life - as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and changes the face of the New York City skyline. But even a maverick plays by the rules, and Trump has formulated eleven guidelines for success. He isolates the common elements in his greatest deals; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks - really talks - about how he does it. *Trump: The Art of the Deal* is an unguarded look at the mind of a brilliant entrepreneur and an unprecedented education in the practice of deal-making. It's the most streetwise business book there is - and the ultimate read for anyone interested in making money and achieving success, and knowing the man behind the spotlight.

Power Thoughts Devotional Joyce Meyer, 2013-10-22 Tap into God's power in your daily life by thinking and speaking His way with this devotional based on Joyce Meyer's New York Times bestseller *Power Thoughts*. Based on Joyce Meyer's New York Times bestseller *Power Thoughts*, this devotional includes 365 opportunities to tap into God's power in your daily

life by thinking and speaking His way. The Power Thoughts Devotional will provide you with life-changing declarations of truth, directly from God's Word, to think and speak over your life every day of the year. Proverbs 18:21 says, Death and life are in the power of the tongue. Simply put, words are containers for power--positive or negative, creative or destructive. Therefore, it is imperative that you learn to think and speak on purpose, using the life-giving wisdom in God's Word. When you do, your life will never be the same! If you struggle with being negative, critical, or judgmental of people and situations, don't be discouraged. God wants to help you renew your mind to think and speak as He would. It won't happen overnight--but each day you will make progress as you choose power thoughts to be more like Jesus. It's time for you to experience and enjoy the life God created you to live, and Joyce wants to help you get there. You can do it with this devotional by learning how to think and speak power thoughts daily.

The Approval Fix Joyce Meyer, 2014-06-03 Everybody wants to be loved. We all need affirmation, acceptance, and approval. Let's face it: It feels good to be appreciated and admired. But when we depend on the approval of others to feel good about ourselves, it's impossible to have emotional stability or a healthy self-image. And when our value is based on how people see us rather than God's unconditional love for us, our desire for approval can become an addiction. In *The Approval Fix*, #1 New York Times bestselling author Joyce Meyer gives you practical insights that will help you learn how to accept who you are and become the unique individual God created you to be. You'll experience greater confidence, deeper emotional stability, and healthier relationships--the life you're really longing for. Today, discover the truth about God's love for you and approval of you. And enjoy the freedom to be the amazing person you can be in Him! Derived from material previously published in *Approval Addiction*.

Wisdom from Women in the Bible John C. Maxwell, 2015-03-31 If you could spend a few minutes with biblical heroines Ruth, Sarah, Mary, and others, what valuable lessons would they share with you? In the tradition of *Running with the Giants* and *Learning from the Giants*, John Maxwell shares wisdom on life and leadership inspired by the Bible--this time focusing solely on the stories of nine incredible women. Learn how God blesses the promises you keep to Him, why you should follow your heart to find your hope, and how not to miss your moment with God. Read on your own or study with a group using the provided faith-building questions. You'll enjoy the journey with Maxwell as he imagines what it would be like to visit heaven and meet giants of the faith who had their lives transformed by God. You'll gain insights from: Ruth...for when you must make a decision but don't know what to do. Sarah...for when you can't understand God and impatience threatens to overwhelm you. Mary. . .for when God asks you to do something outside of your comfort zone. The women who influenced Maxwell inspired this book, and he includes the perspectives of those closest to him in this volume. They and the giants of the faith who continue to inspire them will encourage you to fulfill your destiny and leave a lasting, positive impression on your family and the world.

Assault and Flattery Katie Pavlich,2015-03-03 This book exposes the truth behind the real war on women--the one being waged by Democrats. This book goes beyond the Democratic Party's rhetoric and exposes its shocking and sustained assault on American women that has lasted for generations. And in some cases, the word,assault is quite literal. Katie Pavlich thinks the Democrats have run the conversation for too long and is out to debunk the sacred cows of the so-called Republican War on Women. This book exposes the truth about the Democratic stance toward women on every major current issue and in every liberal stronghold, including: abortion, self-defense, the myth of the women's vote, Hollywood, academia, and more. Using original reporting and interviews, Pavlich deftly exposes the liberal heroes of the women's movement to show us the frauds they really are including such revered figures as Bill Clinton and Barack Obama, often called the most pro-woman president in history.

United States of Socialism Dinesh D'Souza,2020-06-02 The New York Times, USA Today, Publishers Weekly, and Wall Street Journal Bestseller For those who witnessed the global collapse of socialism, its resurrection in the twenty-first century comes as a surprise, even a shock. How can socialism work now when it has never worked before? In this pathbreaking book, bestselling author Dinesh D'Souza argues that the socialism advanced today by the likes of Alexandria Ocasio-Cortez, Bernie Sanders, Ilhan Omar and Elizabeth Warren is very different from the socialism of Lenin, Mao and Castro. It is "identity socialism," a marriage between classic socialism and identity politics. Today's socialists claim to model themselves not on Mao's Great Leap Forward or even Venezuelan socialism but rather on the "socialism that works" in Scandinavian countries like Norway and Sweden. This is the new face of socialism that D'Souza confronts and decisively refutes with his trademark incisiveness, wit and originality. He shows how socialism abandoned the working class and found new recruits by drawing on the resentments of race, gender and sexual orientation. He reveals how it uses the Venezuelan, not the Scandinavian, formula. D'Souza chillingly documents the full range of lawless, gangster, and authoritarian tendencies that they have adopted. United States of Socialism is an informative, provocative and thrilling exposé not merely of the ideas but also the tactics of the socialist Left. In making the moral case for entrepreneurs and the free market, the author portrays President Trump as the exemplar of capitalism and also the most effective political leader of the battle against socialism. He shows how we can help Trump defeat the socialist menace.

Don't Burn This Book Dave Rubin, 2020-04-28 THE NEW YORK TIMES BESTSELLER 'Topical, engaging, personable, and above all, reassuring' Dr. Jordan B. Peterson From host of The Rubin Report, the most-watched talk show about free speech and big ideas on YouTube right now, a roadmap for free thinking in an increasingly censored world. The left is no longer liberal. Once on the side of free speech and tolerance, progressives now ban speakers from college campuses, cancel people who aren't up to date on the latest genders, and force religious people to violate their conscience. They have abandoned the battle of ideas and have begun fighting a battle of feelings. This uncomfortable truth has turned moderates and true liberals into the politically homeless class. Dave Rubin launched his political talk show The Rubin Report in 2015 as a meeting ground for free thinkers who realize that partisan politics is a dead end. He hosts people he both agrees and disagrees with--including those who have been dismissed, deplatformed, and despised--taking on the most controversial issues of our day. As a result, he's become a voice of reason in a time of madness. Now, Rubin gives you the tools you need to think for yourself in an age when tribal outrage is the only available alternative. Based on his own story as well as his experiences from the front lines of the free speech wars, this book will empower you to make up your own mind about what you believe on any issue and teach you the fine art of: Checking your facts, not your privilege, when it comes to today's most pervasive myths, from the wage gap to hate crimes. Standing up to the mob against today's absurd PC culture, when differences of opinion can bring relationships, professional or personal, to a sudden end. Defending classically liberal principles such as individual rights and limited government, because freedom is impossible without them. The Progressive Woke Machine is waging war against the last free thinkers in the world. Don't Burn This Book is the definitive account of our current political upheaval and your guide to surviving it.
